

# COMMUNITYCARE

## Case Study: Brandywine Senior Care, Inc.

Brandywine Senior Care, based in Exton, PA has facilities in Pennsylvania, New Jersey, and Delaware. Their facilities encompass Skilled Nursing, Assisted Living and Independent Living. Lifeline has been installing emergency response & monitoring systems for Brandywine for over five years.

Their staff likes the flexibility that CommunityCare® gives them and management appreciates the fact that it allows them to maximize the productivity of their staff while providing peace of mind for their residents.

Brandywine uses CommunityCare alert devices in bathrooms and bedrooms, plus provides residents with personal emergency transmitter (PET) pendants. This provides their communities with a supplemental, mobile emergency response system that allows residents to feel safe wherever they might be, indoors or out.
